PASE Group, Inc. Automatic Low-Level Depalletization System

Standalone or part of an integrated packaging line.

PASE Group, Inc. has designed units to replace existing, outdated feeding systems on existing lines and systems for feeding new integrated packaging lines.

Multiple container sizes with no change parts.

Our standard system as shown runs quart/gallon round containers metal or plastic with no change parts.

Common features of system shown:

- Powered pallet conveyors
- flush mounted pallet lift
- Interlocked guard package
- Light curtain loading area
- Quiet operation
- Stainless steel dust covers
- Integrated A-B controls
- Empty pallet eject conveyor

Visit PASE Group, Inc.'s website for more information on this and many other packaging systems and engineered packaging lines
